

RATINGS SYSTEM

NASKA is pleased to announce the release of the new mynaska.com website. As a NASKA member you will be able to enter your tournament competition results into our mobile friendly site.

MADE FOR NASKA MEMBERS

NASKA members can manage their competition roster by submitting the results of each NASKA sanctioned competition, i.e. tournament and division, on their private roster page.

Members may also view the competition results of other members on the public roster page

Members are required to [login](#) to the site to manage their roster, and to view public ones.

Please review the attached screen shots illustrating navigation on the site.

User Guidelines

Change your password

As soon as you login change your password by selecting "Account Settings" from the menu.

Update your profile

Check and update your private profile with current information. Your competition age is the official age that you will be competing with, i.e. may not be your actual age and is within the allowed age range as specified in the NASKA competition rules.

Update your address

Check and update your address information, including a unique email address, and a phone number that you can be reached at (preferably your cell phone).

NOTE: If you do not update your email with a valid email address, you will not be able to reset your password if you forget it. The reset password feature requires a unique email address where a private request can be sent to reset your password.

Maintain your privacy

Do not share your username and password with others. Keep it a secret and you will be less likely to have your account hacked, and your privacy compromised.

NASKA RATINGS SYSTEM

On your phone, tablet, or desktop browser enter <https://mynaska.com> and browse to the secure site.
